## From the Commodore

We finally got the boat out, raised sails and went out for a great sail. The winds were a little stronger than we usually go for, on our first sail of the year. Deb had P1 close hauled with the rails in the water. What a great way to start the sailing season! I can't wait for the next sail and **hope to see more boats across the lake, from the club harbor to the dam.**

Hopefully you've been to the lake, and noticed the water is coming down from the 5½' above pool level. After several years of seeing drought conditions, it's been very good to see this abundance of water. However, this did result in the postponement of some of our favorite club functions: the Long Distance Race and the Shrimp Boil. These have been moved to July and September (respectively), **so plan on being there to enjoy these events.**

Zack and Jim did hold the Summer Sailstice event. At 12:00 pm we made as much noise as we could (horns/whistles/bells/etc.), welcoming the longest day of the year. Snacks, games and hanging out with friends, were the plans of the day. **It was so good to see everyone having a good time together.**

July is going to be a very active month. Please watch your emails for events, and plan on attending the sailing activities and the social activities. **The MORE the MERRIER!!**

The Audit Committee met with the CPA again. We plan on presenting the findings, recommendations, and the incorporation of these recommendations to the August Board of Governors meeting.

The club races are scheduled to move to Wednesday nights. If you have any interest in racing or learning to race, come on out and join us. **After the races, there is time to hang out and swap stories of the happenings from the races.**

The club has had various members invite other groups to our club, to experience sailing and WVSC. The Adventurous Babes, the Parrot Heads and the Friends of El Dorado Lake will all be out to WVSC. All are FUN groups! This is a prime time to share the passion of sailing. **If you happen to see these groups, introduce yourself and welcome them to our club! These are opportunities to grow our club!**

The STEP program was also affected by the high water. The first session was moved, to be incorporated with the 2nd session. Ted and Jack are also offering sessions to qualify our members in the 14.2's. This will allow members the use of these boats during the season—with the exception of the time that STEP classes are being held.

**Sailing the 14.2's can be a lot of fun!**

I hope you've caught the common thread I've been trying to convey. It was SO good to see everyone having fun at the Sailstice activity, and not one person came up to talk politics with me! For one afternoon, it was just about FUN!! We need more afternoon and evenings like this and we need more members joining in. With your participation, we can have a full house at our activities. You will have a GREAT / FUN time!!! Hope to see you at the Lake!

**Fair Winds!**  
**John Aschbrenner**

## MEMBER'S NOTES

**Summer Racing Session Begins:** The Spring racing session is over, thankfully. Between the high water and high winds we only got off two races! Summer racing starts Wednesday July 1. Races will begin at 7:00 PM, with skippers' meeting at 6:00 PM It will run from July 1-August 26. After racing, stick around and swap sailing stories and eat PIZZA (donations collected).

Hope to see you on the water,  
Randy Malcom

**Security Bonus:** Now that we have a new security system installed in the activity center, WVSC can offer a share of the incentive bonus offered by Central Security (previously "Securenet").

If you are considering an alarm system for your house or business, mention WVSC as your sponsor and when we receive confirmation of the referral bonus, the club will contribute \$30 to your cost of installation.

**Capri 14.2 Checkout:** We will be offering our "check-out" sessions for the Capri 14.2 sailboats anytime during the summer months (warm water required!).

Walnut Valley Club members are invited to call Tedd Blankenship (775-1064) or Jack Van Dam (655-0046) to make arrangements for an orientation session. The boats will not be available during the STEP classes, but otherwise are available for club use. Experienced sailors only please; those under the age of 24 must have a Kansas Boater Safety certificate to be at the helm as per Kansas State law.

**Wednesday Morning Breakfast Club:** Now that the water is back on at the lake, John McCabe has reinstated the Wednesday Morning Breakfast Club. Go to the lake for the 9 AM meeting. Hang out with other sailors, eat and swap lies...er...I mean sailing stories!

**Model Sailing:** We all are aware of the sailboat racing activities—both within our club and at Ninescah. Did you know there's another club that races sailboats in the area? Primarily one design races are held once a month, spring through fall. Usually 10 sailboats, give or take a few, show up at one of the lakes at Sedgwick County Park, next to the Zoo. Competitive racing is held according to established full sized racing rules.

We're talking about the Air Capital Model Sailing Club, or ACMSC. They have a very good website that tells you when the races are, what time, etc. One class is called the Seawind Class. The boats are built from a kit sold by a company called Kyosho. Local hobby shops often stock these. All put together, this boat is 1 meter long and 6' tall, from keel to mast top. You can adjust stays, shrouds, down hauls, etc but cannot modify the hull. Jib and mainsail have to not be modified either. A 2 channel ( 2 function ) radio is used. One function is rudder, and the other is operating the sails using a sail winch servo.

I have had my Seawind for about 10 years. It is a quick model, and takes surprisingly little wind to make way. I have never had to rescue my boat, they always drift to shore, at least.

This is a very friendly group. They will very freely let you try the sailing...after all, you can't harm or damage the boat. They can also be very competitive, and they keep scoring all season long. Rob Fresh from the Ninescah Sailing Association is a very good racer, perhaps some of you know him.

Come on out, watch and learn. You just might get hooked!!!  
WVSC Member Randy White

# On The Dock News Letter

By Jim Smith, Chair - Sailing Activities Committee

As most people already know, you just cannot stop Mother Nature. However, she has turned her head and has permitted spring to change to summer! If you've been keeping up to date with Fred Harvey's emails, you already know that most of our planned activities to date have either been rescheduled or cancelled due to the inclement weather. If you haven't been brought up to date, I would like to add the following: The long Distance Event scheduled for May 30th and has been rescheduled to July 25th - it will include a visiting group of 20 of our friends from the Adventurous Babe's Society. Since last year's visit the ABS has opened a whole new avenue for getting the word out about the WVSC. Uncle Gene's Swap Meet was hampered some, but there were some deals made no matter how deep the water was! The Event that was most effected was the Ladies Maneuvering and Docking Event, scheduled for June 13th, which was cancelled due to high water and lack of registrants. This event may be rescheduled if there are enough parties interested in participating.

If you have been out to the Clubhouse or have read your Windword, you would have most likely participated in this year's first real Sailing/Dock event, the 2015 Saitice. If you didn't, you really missed out! This year's 2015 Saitice event was bigger and better than the last, and I expect it to grow even more in the future - this is what happens when everyone learns how fun this event is! There were more decorated boats with even better decorations than last year. This great event included not only decorated boats, but a swimming relay event that included at least 18 people, and a BBQ that provided hamburgers and hot dogs for all. Due to technical difficulties, I was unable to publish a picture of the winning team for

Summer Saitice 2015. Congratulations to John and Deb Aschbrenner! I hope to submit pictures of all of our events to our webmaster to put on our website's Social page.

The next upcoming events are shown on the schedule below and remember a Great/Fun Club is made by the members and those who participate. So I hope to see you soon and remember—we cannot help our club to grow and flourish if we don't give opportunities by inviting those that we know to Come Sail With Us!

**July 3rd:** Cardboard Boat Race / Ernie Condon

**July 4th:** Pirates Pillage & Watermelon Run / Gene Plehal

**July 11th:** Lantern Lighting Event at El Dorado Lake. This might be a great night sail to watch all of the lanterns go up!  
(EVENING)

**July 25th:** Long Distance Sailing Activity / Dave Leiker  
(RESCHEDULED) ABS Group Invited

**Aug. 8th:** Annual Poker Run / Jan and Payton Adair

**Sept. 5th:** Decathlon Sailing Activity / Amos Cape

If you did not pick up your Sailing Social t-shirt and/or tank top at the Summer Saitice Event I have them ready for pick up at the Club. Look me up and I will get them to you. I want to thank all that placed orders for the shirts to help support the Sailing Socials, which are where any monies earned goes back into.

Thanks again, from me and all of those on my committee.

Respectfully,  
Jim Smith | Sailing Social Committee Chair

# The Annual Junior Cardboard Boat Race

••• Friday, July 3 •••

Come one, come all to the Annual Cardboard Race for the Lil Ones hosted by Ernie Condon and members of the sailing social committee. All materials and rules for the event will be provided and explained at the skipper's meeting starting at 12:00 PM, with construction starting shortly thereafter. There will also be RC Sailing vessels to those who wish to try their hand at sailing them (also provided by Ernie Condon).

Refreshments (Root Beer Floats and Ice Cream) will be served after the awards presentation for the longest floating boat.

# On July 4<sup>th</sup>... Come Ye All to the Annual Watermelon Run

This year's Watermelon Run will allow you to practice making those close runs against your fellow members. Be sure to dress in your best Pirate Attire as well as bring your Water Cannons and Balloons to Blast your competitors (No Slingshots Allowed) till you have completed the course. After which, you will practice a man overboard maneuver retrieving a watermelon from the water as you would a crew of your vessel.

Skipper's meeting will be at 12:00 PM for rules and instructions  
with a shot gun start at 12:30 PM from your slip.

There will be refreshments for all where you can share  
your War Stories of Pillage and Plunder.

## 1980 O'DAY 23' SAILBOAT

The boat is a centerboard model with the standard rig 1980 O'Day 23-2. The boat has custom cruiser/racer full cut sails made by Hild Sails in 1996. Up front is a 150% genoa that can be reefed to 100% on a Hood Yacht Systems roller furler. The main sail has standard battens and one set of reef points. All lines have been run aft to the cockpit so that one person can easily handle the boat. The boat can also go almost anywhere due the shallow draft (2.26' with the centerboard up). The cockpit features custom Marine closed cell foam cushions made by JSI, a compass, and Autohelm ST30 Bitdata instrumentation (which I was told worked but never messed with). The boat also comes with an electric start 9.9 Johnson Sailmaster outboard motor. The motor starts and runs great. All of the fuel lines were replaced last fall and the carburetor and fuel pump were rebuilt (both with OEM kits). After having this motor I don't know if I'll ever be able to go back to a pull start. The electrical system is also in working order featuring a marine deep cycle battery, trickle charger, working lights, radio and speakers. (The bilge was working when I purchased the boat but was acting up when I checked it the second time so a new one was purchased and hasn't been installed yet). The cabin interior is in good shape with all of the original cushions, a nice dinette table and one piece carpet (which prevents slipping). It sits on a freshly restored tandem axle trailer (professionally sandblasted, painted, all new wiring, lights, bearings, races and seals replaced. The only thing I haven't done yet to prepare it for a long haul is replace the tires). The boat also comes with lots of extras: Set of hank-on original O'Day sails, and additional 150% genoa. Swim ladder. Multiple sets of hatch boards (originals, plexiglass, and new unused teak). Set of new hatch runner boards (never installed) I wish I could keep it but I am moving to Santa Ana for work and between the cost of living increase and how expensive it will be to keep it there I need to sell it. All reasonable offers will be considered. Please email me at benhofferber@yahoo.com or call/text me after 4PM at 251-508-0156.

*Minutes Subject to Change.*

### Call to Order: 7:00 PM

**BOG Members:** John Aschbrenner, Zack Kissack, Randy Malcom, Geri McFadden, Amos Cape, Tim Miller, Blaine Van Dam

**Guest Members:** Deb Aschbrenner, Gary Mackey, Kathy Malcom, Gene Plehal, Jim Smith

### Commodore's Opening Remarks

- State of the Club? We are an open club; keep the communications lines open.
- Water levels are high, at over 5 feet above pool. Walkway to dock is underwater, and getting slippery Please exercise caution to prevent injury. Expect changes to scheduled events until the water recedes.

### Meeting Minutes from May 2015: Approved.

### Finance Report

- Review financials – report accepted.
- Pro-Rated Memberships – use per WVSC By Laws.
- Membership fee increases for 2016? BOG will determine need based on this year's financials.
  - Amos Cape researched other Kansas sailing club fees and dues—our club remains a “bargain” when compared to other venues.

### New Members

- Arnie and Marilyn Kroupa – The Club extends a hearty “Welcome Back” to the Kroupas!

### WVSC 30th Anniversary

- Scheduled to be held in conjunction with 20 June Sailstice, Sailstice will continue as planned on 20 June.
- Expect update on revised WVSC 30th Anniversary date activities due to high water.

### Friends of El Dorado Lake

- WVSC will sponsor event at the Activity Center and Shelter on Wednesday 6/10/15 – Passed in April Meeting.
- Due to high water levels, the Friends of El Dorado Lake postponed the meeting.

### Committee Reports

#### Activity Center

- Exterior issues: Randy Malcom working details for paint and new fascia board replacement.
- Please bring your gear and food home with you...that includes your food and beverages in the refrigerator!

#### Building and Grounds

- High water: Amos Cape anticipates the need for work party(s) to repair any damage and clean up from the high water.

#### Dry Storage

- Gravel work will follow any higher priority repairs caused by high water.

#### Fleet Maintenance

- Committee boat in great shape, old boat sold.

**Govt. Relations:** No open issues to report.

#### Harbor

- Pipe anchors on repaired entrance float still require attention.
- Extension cord removal – old, sub-standard extension cords removed from docks.

- Re-decking will proceed within budget. Pending any repairs to docks from high water.

#### Membership

- Hand Books and Members club cards are in club house – Members may pick up their packet at any time.

#### Public Relations

- Windword – still working issue to provide a secure “members only” section.

#### Racing Activities

- Randy Malcom reported that we've held just one race this spring, due to weather.

#### Sailing Activities

- Tim Miller and Jim Smith planning a long distance race later in the summer – stay tuned for date.
- Activities committee finalizing a waiver form for guests at our club that participate in our activities.

#### Security

- Club members are reminded that SecureNet, our club's security provider, offers the club a \$60 credit for each new member signed up from WVSC.
- The Club will split the \$60 offer with new SecureNet customer from WVSC (\$30).

#### Social Activities: Shrimp Boil – Postponed!

- Geri McFadden reported that the Shrimp Boil, scheduled for 20 June – is postponed (not cancelled!) due to safety issues with the high water.
- Club conferred with Corps of Engineers, water expected to rise, not subside, prior to 20 June event – Stay tuned for new date for one of our Club's favorite socials.

#### STEP

- 1st STEP Session combined with 2nd session due to high water.
- Storage building design plans had been approved – The state is to come down and review the ADA requirements.
- Catalina 14.2s - STEP will offer “check-out” sessions for the Capri 14.2 sailboats anytime during the summer months (warm water required!).
- Walnut Valley Club members are invited to call Tedd Blankenship (775-1064) or Jack Van Dam (655-0046) to make arrangements for an orientation session. The boats will not be available during the STEP classes, but otherwise are available for club use. Experienced sailors only please; those under the age of 24 must have a Kansas Boater Safety certificate to be at the helm as per Kansas State law.

#### By-Laws Reviews

- Special Committee status update, on limitations of proxies – Still under review.

#### Nominating Committee

- Vice Commodore is to provide names of Nominating Committee to BOG for approval.

#### AUP Audit

- WVSC/STEP audit committee's update:

The auditor selected is highly qualified and has no ties to WVSC, STEP, their respective boards, or any of the audit committee members.

The WVSC/STEP audit team held our first meeting with our auditor on 5/21/2015. Delay was at the auditor's request to avoid tax season. WVSC Members attending were John Aschbrenner, Kathy Malcom, Dave Bonifield, and Gene Nold. A previous informal meeting, phone conversations, and emails, occurred to supply the auditor

### *BOG Meeting, cont. from Page 13*

with a list of issues, identified by the WVSC team last year as presented to the WVSC annual meeting last November, and supporting documentation.

After reviewing the issues and documentation, the auditor suggested that WVSC might be better served by a consultation, as opposed to an AUP audit, as approved at the WVSC annual meeting. All of our issues could be resolved at a considerable cost savings. The audit team present at the meeting chose to continue with the consultation method vs the AUP.

During the meeting, all of the issues presented at the annual meeting, by the WVSC audit team were discussed. When the audit is complete, the WVSC audit team will release a report of findings and the auditor will supply a report that will be released to the club membership.

Once we have the final report, the audit team will present the results to the Board of Governors, including recommendations for the go-forward plan.

Second meeting with CPA is scheduled.

### **BOG / Membership Forums**

- WVSC Advisory Group: Tim Miller reported on the Advisory Group (AG) process. The AG met for the second time on May 26th. Each AG member is invited to identify issues that need attention. When everyone has completed their opening statements, the agenda will schedule discussion time for the items on the table.
- A second list of recommendations was presented to the BOG – These were items agreed by the AG with minimum discussion and do not represent the final output of the group.

- Club members with issues in mind were invited to contact Tim with a view to participation.

**New Business:** None

### **Members Concerns**

- Why are Powerboats listed in the "for sale" section of our newsletter...being sold by "Wichita Marine"?  
**A:** NSA submitted the ad. NSA and WVSC reciprocate with shared ads. This ad has been pulled from our newsletter.
- What is STEP? A 501 C 3, a 503 C nonprofit corporation as listed in all their "Come Sail With Us" applications for the past 2 years, or a 503B nonprofit as stated on 2/12/15? Clarify the 3 nonprofit classifications as pertaining to STEP.  
**A:** STEP is a 501c(3). This has been a typo on the applications for some time, this will be corrected.
- Why are some of the ads for coming events, like the long distance race, Sailing swap meet and summer sailstice (Cannot even see the photo) only given a quarter page ad and STEP's "Come Sail With Us" always gets two full pages even when the classes are full?  
**A:** Ads are sized to fit the newsletter pages. Last month there were over 20 pages of submittals; these were downsized to 14 pages. If you're sponsoring the club's next major event, please mark your submission as a "priority item." To limit full page priority items to the upcoming month's activities only.

### **Meeting Adjourned**

**Next Meeting:** 7:00 PM, Thursday July 9, 2015, Candle Club.

**SPECIAL NOTICE:** If you have not done so already, please pick up your new Handbooks & Membership Cards at the Club House.
