## From the Bow Pulpit

As I write this column (afternoon of March 20), we are receiving some much-needed rain, about 0.9 inches so far today near Benton. And they say more is coming this week. Since our lake level is down to 5.94 feet below pool, we can use all we can get. We have a work party planned this week to repair the damaged sewer pipes so we can be ready to turn the water on when the Parks Department opens the water lines, probably in mid-April.

Speaking of work parties, I hear there are others planned during April to start getting our Club in shipshape for the coming season. Look for notices in this issue of the Windword. Show up and sign up for work credits on next year's dues and enjoy a day at the lake with your fellow members. I hope to see many of you there.

As you have probably heard by now, we had an incident of vandalism at our Club as reported to the Board at our meeting on March 08. The vandalism occurred between Monday evening and Thursday morning that week. All damage was confined to the East end of B Dock and to only four (4) boats, as far as I have been notified at this writing. One boat was released from its moorings and set adrift, ending up at the Activities Center walkway. Three others were damaged by cutting lines, covers, and unfurling sails. One was entered (broken into) but I have not heard of any major items stolen. It appears to be just plain, wanton vandalism – “the sap is rising...in the springtime...” or, in this case, the ‘saps’ rose on our docks! John Carter and Gene Plehal discovered this on Thursday afternoon, March 08, and reported it to the Sheriff's Department who, in turn, referred them to the Kansas Department of Wildlife and Parks office. An official report was filed and an investigation was initiated. I talked with the investigating officer, Seth Turner, on Friday, and offered our full cooperation in his investigation. We have not had such an incident in many years and hope that our continued vigilance and increasing activity at the Club will preclude anything further. If you have any information or need to report a loss, please contact Officer Turner at 316-321-7180 or me. I will make follow-up contacts regularly in hopes that the authorities can apprehend those who did us harm.

On another note, the Board received a message from Rick Brandorff (member since 1995), through our Windword editor, Nikki Rincker, about the whereabouts of some Nautical Quarterly magazines he brought to a Board meeting some years ago – probably late 1990's based on what he told me. The Board meeting was at Action Sailcraft (Ed and Lois Webb's shop in Andover). The several issues were offered for review by the Board as a start for a Club library; Rick has a whole set of the bound magazines that are no longer in print. Somehow, the proffered issues were not returned to Rick after the Board reviewed them, and he wants them back to complete his set. The current Board has no knowledge of this offer. If you were a Board member or Officer “back in the late Nineties” and can help us locate the missing magazines, please call Rick or me so we can get them back home. Your cooperation will be most appreciated by Rick and your present Board.

I received notice from Clark Chambers, former Commodore and our “Project Manager” for the Clubhouse Flotation, that he has requested a firm date to start the work on putting additional flotation under the Activities Center to raise the floor level to match our dock level when we have large crowds in the Center. This project was approved at our 2006 Annual Meeting and we have

# WORK PARTY WORK PARTY WORK

The Harbor Committee will sponsor its first work party of the year on Saturday, April 14th. The water level is low and that provides a great opportunity to clean out the debris from under the dinghy dock. This is a chance to earn Work Credits, so bring your gloves and hand saws as we move rubble to the dumpster.

For more information call:

**Greg Rincker at 832.0477**

April 14th from 9am until Noon

been pushing the contractors to complete their bids and get us on their work schedules. Hopefully, we can get this completed in the next few months prior to the start of our social season. Clark has been diligent in his efforts to complete this and other projects for your Board. Please give Clark a "Club Salute" and Thank You for his efforts when you see him this season. He, and others like him, are what make our Club what it is – an enjoyable time at a great facility with great people. Be a volunteer – join a work party or standing committee and help us keep our facilities in good shape for the future.

And don't forget to pray for rain for our lake and the farmers' fields and ponds. It won't hurt your lawn and flowers either!

See you at the lake

2007 SUMMER ADULT SAILING PROGRAM

# Come Sail with Us

The Walnut Valley Sailing Club/STEP program is offering two sessions this summer.

We will teach you how to sail in a beginner's centerboard class or improve your sailing ability in advanced classes. This year we are offering beginning, intermediate and advanced Keelboat classes.

So come sail with us this summer for a GREAT time on the water.

Our adult fleet consists of: Catalina 14.2's, Sonar, Catalina 22 and Catalina 25's.

## CLASS STRUCTURE

**Prerequisites:** Must be 18 years or older, have an interest in learning to sail and swim 25 yards without a lifejacket (PFD). (May be 15-17 years old if accompanied by an adult).

**Equipment requirements:** Participants are required to provide their own life jacket (PFD) US Coast Guard approved, age-appropriate size, and sunscreen, hat, and water shoes.

## Course Content:

**Centerboard Course-** Covers beginning, intermediate and advanced sailing techniques. Boat handling skills, boat related skills, basic rules of the road, safety, weather and nomenclature. Everything you need to know to sail your own boat safely and with confidence.

**Basic Keelboat-** Covers beginning, intermediate and advanced keelboat techniques. Prerequisite for intermedi-

ate and advanced instruction- you must have beginning keelboat or equivalent sailing experience.

The keelboat course leads you through the essential principles of safe, confident day sailing. It covers basic sailing concepts, boat handling, docking, anchoring, safety and emergencies, weather, basic navigation more clearly and concisely. The keelboats require a minimum of three students per boat.

**Schedule:** 3 days per week (Mon. Tues. Thurs.) for 3 weeks, 6 to 9pm.

### 2 Sessions:

- 1st session: June 11 through June 28
- 2nd session: July 9 through July 26

**Class Size:** 16 students per session

**Cost per Student:** \$25 non-refundable Registration Fee, Plus \$55 class fee for WVSC members; \$255 for non-members. (Spouse or family member \$80)

**Fee Includes:** USSA "Start Sailing Right" or "Basic Keelboat" instruction manual, instruction, use of a Catalina 14.2 (if checked out) boat for the summer, T-shirt and certificate. Includes a membership to Walnut Valley Sailing Club which begins at the beginning of class and continues for the remainder of the year.

**Boats used:** Capri 14.2, Sonar, Catalina 22 and Catalina 25's

# Board Meeting Minutes

WALNUT VALLEY SAILING CLUB BOARD OF GOVERNORS MEETING

*Minutes Subject to Correction*

THURSDAY, MARCH 8, 2007

## Call to order:

Commodore Reynolds called the meeting to order at 1904 hours at the office of

Steve Mardis, 9415 E. Harry, Suite

603, Wichita, Kansas. Board members present were David Reynolds, Jerry Brady, John Carter, Kathy Malcom, Steve Mardis and Ken Rix. Absent: DeAun Warfield, Pat Boyarski, and John McCabe. Visitors present: Don Chism and Clark Chambers.

Approval of February Minutes: Minutes of the February 8, 2007, meeting were reviewed and submitted for discussion. After discussion, Ken Rix made a motion to approve the Minutes, seconded by John Carter. Motion carried.

## February Treasurer's Report:

Kathy Malcom reported the cash balance on February 28, 2007, was \$51,722. Payments for slip renewals have been coming in. We currently have 110 paid members and 4 unpaid members. Resignations include Terry Cox, Carl & Lori Harris, Joe & Kathleen Hlavacek. New members received include Earl & Caren McIntyre, Andy & Beth Rizza, and Howard Hancock & Sue Johnson. Steve Mardis moved to approve the Treasurer's report and approval of new members, and Ken Rix seconded the motion. Motion passed.

## Report of Finance Committee:

Don Chism, Finance Committee Chair, discussed five year forecasting, the five-year slip program's history, borrowing capabilities, and past association with the Long Range Plan and future projects. Don also discussed the club's insurance, up for annual renewal in spring (April 2007). A committee was formed to review insurance. Mac Carter has agreed to assist again with this next year. They are still waiting on quotes; we can expect increases. Also discussed was covering the club boats for liability only. Due to the renewal due date of April 1, Don requested approval for the committee to procure 2007 insurance for up to a maximum of 10% over last year's cost. John Carter moved to approve the request and Jerry Brady seconded. Motion passed.

## Old Business:

1. Status of flotation for Activities Center – Clark Chambers reported. Board gave Clark go ahead for Clark to ask contractor for start date for this project that was approved at annual meeting.
2. Status of Activities Center air-conditioning – Clark Chambers reported on the bids obtained, recommendations of the different

contractors. He also reported on a quote received on proposal to extend decking west of the clubhouse to the south end and wrap around east. Both the HVAC and decking are recommendations from the LRP committee for possible future implementation.

3. David Reynolds reported on current lake level (5.83 feet below pool) and status of docks.

4. Committee chair assignments - all chair assignments now filled. Committee boat repairs discussed.

5. 2007 Membership Handbooks to be completed by Membership and distributed at an early social function.

6. Club Activities calendar status discussed for publication in Handbook and on website.

## New Business:

A request was received from former long-term member and commodore Bob Peugh to reinstate as an Affiliate Member; status discussed. John Carter made a motion to accept this membership, seconded by Jerry Brady. Motion passed.

## Member Concerns:

1. John Carter reported that he and Gene Plehal had visited the club today and discovered vandalism in the slips. John's boat had been set adrift, and four boats in total were vandalized, all located at the East end of B-dock. Kansas Department of Wildlife & Parks was notified and a formal report filed. All boat owners have been/will be notified.

2. A message was received from member Rick Brandorff regarding a collection of Nautical Quarterly sailing journals he had offered to the Board some years ago to review for possible donation to the club. He had never received them back after the Board passed on the donation. As such, he is requesting they be returned. The current Board is not aware of the location of the journals.

## Closing Remarks:

The next Board meeting will be held on Thursday, April 12, 2007, at 1900 hours at the office of Steve Mardis, 9415 E. Harry, Suite 603, Wichita, KS.

Adjournment: there being no further business, Ken Rix motioned to adjourn and Jerry Brady seconded the motion. Motion carried and the meeting was adjourned at 2130 hours.

Respectfully submitted,

**Kathy Malcolm, Temporary Secretary**

# Racing Roundup

We have just had our first good rainfall of the season and the weather forecast calls for two more chances of rain through the end of the week. Perhaps this is the long-awaited start of water levels at the lake rising back toward normal, and it raises anticipation for the start of the racing season that is almost upon us. I certainly hope that you are starting to think about getting yourself, your crew and your boat ready to hit the water and take part in the fun and camaraderie of sailboat racing. The first race of the season, on Saturday, April 21st, is only a few weeks away! As with all Club regattas, the day will start with a Competitors Meeting at 10 AM, followed by 1 race before lunch, 2 races in the afternoon, and then dinner and announcement of race results.

Spending a day at the lake before the first race day is a good way to carefully look over and check your boat. Are sails, sheets, lines and shrouds all in good order and properly adjusted, rigged or tensioned? Is all of your safety gear accounted for and in good condition? How about the motor; does the spark plug need to be cleaned and gapped, the carburetor bowl drained and some fresh gas put into the tank? All the better if you can get the boat in the water and take it for a test sail; it's a great way to clear the cobwebs, not just from the boat, but from your winterized mind, as well. The bottom line is that a little preparation goes a long way toward making your first race day a successful and enjoyable one.

The Racing Instructions for the 2007 season have been finalized by the racing committee and are available on the club's website in the Racing section. A copy of the instructions will also be posted on the bulletin board in the activity center throughout the season and copies will be available at the first regatta. If you have any questions about the racing instructions, please call Ken Rix at 684-6086.

For any new or rusty racers out there, I want to remind you of the planned training day at the lake, happening on Saturday, May 12, starting at 10AM. There will be several experienced racers available to hold a group training session, or accompany you out on the water in your boat to help you with set-up, rigging, or practicing racing basics. The day will be tailored to what you want to cover. Please take advantage of this great opportunity. If weather prevents us from going out on the lake, the alternate training day is Saturday, May 26th.

*Pat Boyarski for the Racing Committee*
