From the Commodore

Ahoy WVSC Sailors,

June has been a great month at WVSC. The slips are filling with boats, the club celebrated it's 75th anniversary and the lake level is perfect. Our facility has been active with sailing and socializing; the swim bar is open. In addition, STEP completed the first class this year with 16 youth and 12 adult students. The weather has even been great except for the wind that continues to blow out races.

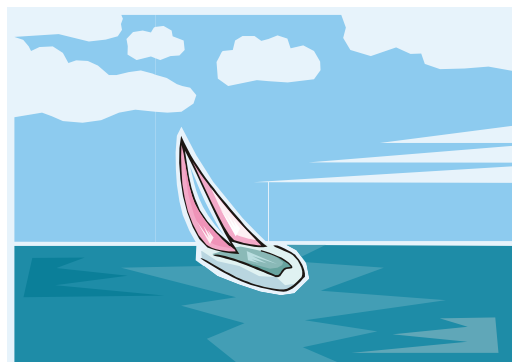

The June social, our 75th Anniversary Party, was a great success. We did not get 75 boats on the water, but we did get 77 sailors in 19 decorated sailboats plus the committee boat out for a 75th anniversary race. I do not recall seeing as many sailboats out at once in a long time. We capped the day off with a catered Bar-B-Q dinner from Hog Wild attended by 93 members and guests. I want to thank Ted Blankenship and Brad Oblak and the sailing activities committee for planning the sailing event and Tami Fonger and the social function ladies who helped her for planning and serving the dinner.

Those who had the chance to get out to the club on Monday, Tuesday, or Thursday during the last three weeks of June have witnessed a lot of activity with STEP training. 16 young people participated in the youth sailing during the day and 12 adults in the evening. Wind kept them ashore some days, but the training still went on. I would like to thank Gene Nold, Gary Pierce, and their fantastic staff of instructors. The next session starts on July 9 and is filling rapidly.

You have probably noticed a change in the theme for the July social. The Social functions committee had planned to have our annual fish fry in July. Unfortunately, we were notified that Jim Bybee, our fisherman who supplies and prepares the fish, has been ill and will not be able to supply the fish this year. I do not have details on Jim, but I wish him well and thank him and his family for all the great fish fry events we have had. Dave and Christie Reynolds will host the July social with a "Down Home Cooking" theme featuring fried chicken and trimmings. I love fried chicken so I am really looking forward to seeing you all there.

May there be fair skies, excellent wind, kind spirits, and superior sailing ahead.

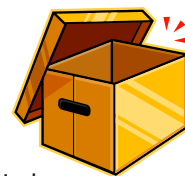

– Dave Bonifield

July 4th Activities

Teams Needed! Cardboard Boats, Battleship Edition

Each team will be provided with cardboard boxes and one roll of duct tape. Bring your own tools and life jackets (and paddles/oars if you have them). We will have a "skippers" meeting at 1:30 PM. At 2:00 PM, each team will start and will have one hour to complete their boat.

After the one-hour build time, all teams will float their boats (with one or more people in each of them). The boat that stays afloat the longest will be the winning team. However, the main objective is to have a lot of fun participating or watching. Ties will be broken by water balloon wars. Water balloons will be provided.

**Ice cream
will be
provided
afterwards.**

Please call Ernie Condon at 640-8951 to sign up so we know how much cardboard and duct tape to bring.

Bring your **model sailboats** out to the lake. If you don't have one, come and try ours! You can't hurt them, and they are a lot of fun!

Plan to be there at 1:00 and we will have fun while the cardboard boat teams are building their boats.

Committee Reports

Finance Committee: No report.

Racing Committee: No report.

Power Boat Committee: The existing power boat cover has deteriorated due to age. A universal fit cover is being modified by Bill Clark and Gary Mackey to fit the power boat.

Building and Grounds Committee: The remote wind indicator system in the Activity Center is not presently working, but is in process of being repaired.

Security Committee: No report.

Calling Committee: No report.

Long Range Planning Committee: No report.

Membership Committee: Web page status - The web page is up and running, but does not have all the functions operational. Our web page vendor has been contacted and due to a shortage of programmers is behind schedule. He hopes to have it complete soon.

-If Club Members need paper copies of the handbook, contact the Secretary Gary Mackey.

-The Commodore will seek a recommendation for an attorney to review the proposed new member policy.

Harbor Committee: No report.

Social Committee: Commodore Bonifield notified the Board that he approved the funds for the Walnut Valley Sailing Club banner to be displayed during the holiday weekends at the lake entrance. The banner is provided and maintained by The Friends of El Dorado Lake group as a fund raiser.

-The scheduled Social in July will have a new theme. Social Committee is working on a new format.

Sailing Activities Committee: Tedd Blankenship reports the 75th Anniversary shirts will be ready for the event this Saturday. It was agreed that the extra costs for the 75th Anniversary event will be absorbed in the existing budget. The Club would like to thank Annapolis Performance Sailing (APS) and Ronstan for providing prizes for the event.

S.T.E.P. Committee: Rob Brown reports that S.T.E.P. won a grant that was submitted last fall to West Marine. This grant was open to all non-profit youth organizations in the country and had requirements that be met such as size of program, number of graduates, how the program is operated, history of the program, etc.

S.T.E.P. received from the grant:

- (3) 52" round inflatable marks (one of which is on display in the club house)
- (3) 100' spools of 3/8" anchor line
- (3) 20# mushroom anchors
- (15) emergency whistles

Another pat on the back for the WVSC and S.T.E.P. Photos of the kids sailing in the program with West Marine equipment in the background will be published in the West Marine catalog next year.

2012 SUMMER ADULT SAILING PROGRAM

Come Sail With Us

The Walnut Valley Sailing Club/STEP program is offering two sessions this summer.

We will teach you how to sail or improve your sailing abilities. We offer both Basic Keelboat and Basic Centerboard classes. Advanced classes in Centerboard and Keelboat may also be available.

So come sail with us this summer for a GREAT time on the water. Our adult fleet consists of: Catalina 14.2's, Sonar, Catalina 22 and Catalina 25's.

CLASS STRUCTURE

Age Prerequisites: Must be 18 years or older, have an interest in learning to sail or improve your sailing abilities and swim 25 yards with a lifejacket (PFD). (May be 15-17 years old if accompanied by an adult).

Equipment requirements: Participants are required to provide their own life jacket (PFD) US Coast Guard approved age-appropriate size, sunscreen, hat and water shoes.

COURSE CONTENT

Basic Centerboard Sailing Course

Covers beginning, intermediate and advanced sailing techniques in a centerboard boat including: boat handling skills, boat related skills, basic rules of the road, safety, weather and nomenclature. Everything you need to know to sail your own boat safely and with confidence.

Basic Keelboat Sailing Course

The keelboat course leads you through the essential principles of safe, confident day sailing. It covers basic sailing concepts, boat handling, docking, anchoring, safety and emergencies, weather and basic navigation. The keelboat course requires a minimum of three students per boat both in Basic and Advanced Keelboat.

Prerequisite for Advanced Centerboard or Keelboat instruction

You must have the Basic Sailing Course or equivalent sailing experience

RE-SCHEDULED Blind Sail

**NEW DATE:
Saturday
August 4
10:00 AM**

In the WVSC version of this international event, teams consist of 3 or 4 sailors on a boat, at least two of whom are blindfolded, and one sighted to serve as a guide. The helmsman must be blindfolded and steer the boat independently unassisted. The other blind sailor(s) serve as crew, primarily trimming the sails. The sailors work together as a team with verbal communication skills and accurate execution of maneuvers being the keys to success.

Come try your hand at this FUN and challenging event!

WVSC Racing for 2012

To all of the WVSC members:

A contingency of the WVSC racing community met in early February and agreed upon the 2012 racing program and schedule. That being said we agreed upon a few changes in an effort to simplify the racing schedule. The biggest change will be in a new handicapping system. The objective of the handicapping system is to level the playing field (race course) for all sailors. The scoring and handicap system is as follows:

No changes to the following:

1. Portsmouth handicap with wind speed factors
2. 5-minute start sequence
3. Separate starts for keelboat & centerboard fleets.
4. No courses set through hazard areas
5. 3-boat minimum to make a race

Changes to the following:

These rules are intended to make the Club Championship a meaningful achievement.

1. **Scoring:** Club Championship using race scoring "Percentages of Boats Beaten" per U.S. Sailing and as used 1995-2005 years. This system automatically encourages participation (no participation bonus needed) and encourages participation out side your comfort zone.

Score is the result of:

Boats Beaten / All Boats Faced = Result as a Percent

2. **Scoring/ Participation:** Club Championship - Keel & Centerboard
 - a. Minimum Participation 35% of all races.
 - b. Throw-outs – 1 race in 7.
 - c. Minimum Races to declare Championship is 8.

Handicap System

Many sports handicap participants – examples are horse racing with weight, and golf and bowling handicap scores. The reason is to keep the outcome of a contest in doubt when some participants are winning regularly. We agreed upon the following to spice up and enliven our racing and hope that more boats will participate and win some races.

Handicap Program

- a. All boats start even in race one.
- b. Portsmouth time is adjusted with time addition as follows:
 1. + 20 seconds for each first place finish
 2. + 10 seconds for each second place finish.

After a few races this will bring the fastest boats back into the pack. When other boats start winning, they will acquire time which will equalize boats and make our racing more interesting for everyone. It should also encourage participation. The accumulated handicap time for each boat will stay with that boat through out the 2012 season.

This concept is easy to administer and score and can be used to determine a Club Championship or would effectively identify a "most improved" boat.

For each race we will show the Portsmouth handicap finish and the New WVSC handicap scoring for the 2012 racing season.

The objective of this schedule is to:

- Avoid the rarely used, blustery Spring days in early April.
- Equalize Saturday and Sunday events for those with a preference.
- Increase participation by scheduling later in the day on Saturday to utilize Social functions and after race Saturday dinners.
- Increase participation with later Saturday start time giving more of Saturday for other activities before coming to the lake.
- Utilize the longer days in mid Summer for later Saturday races and evening parties/dinners.
- Simplify the schedule for easy remembering.

Long Distance Races:

- 1 Per month max at R/C option
- Any regular race with wind from $190^{\circ} \pm 15^{\circ}$
- Down to "Dam" and back with optional reaching mark
- 2 hour minimum – 3 hour max (2–2.5 objective)

The Schedule:

All 13 Saturday races begin at 3:30 / All 12 Sunday races begin at 2:00

Sunday (4 race days in April and May)

- April 29
- May 6, 20, 27

Saturday (13 race days in June, July, August)

- June 2, 9, 16, 23, 30
- July 7, 14, 21, 28
- August 4, 11, 18, 25

Sunday (8 race days in September, October)

- September 2, 9, 16, 23, 30
- October 7, 14, 21

Race Committee:

There will be a race committee seminar held on our first race day April 29 put on by Bob & Peggy Fugit starting at 12:00PM and culminating in putting on our first races of the season (hopefully).

Participating in RC can be a very interesting experience, so if you have no desire to race, but you don't mind getting out on the water and watching boats complete the course that you laid out then come on out. We're always looking for an extra hand on the RC boat even if you've not gone through the RC training.

In Summary:

We hope that these minor changes will encourage you to come out on one of our race days and give racing a try. Our primary goal is to encourage participation in what we as sailors/racers feel is a great sport. It is absolutely the best way to improve your sailing skills and gives you an objective when you get on the water. So think about coming out and give racing a try, it's not a difficult sport and...

it really is fun!

If there are any questions at all please contact either Steve Kubin (733-1295) or Randy Malcom (733-1049 / rdmalcom@att.net) race chair and co-chair for 2012.

Thanks, Steve and Randy
