From the Commodore

Ahoy WVSC Sailors,

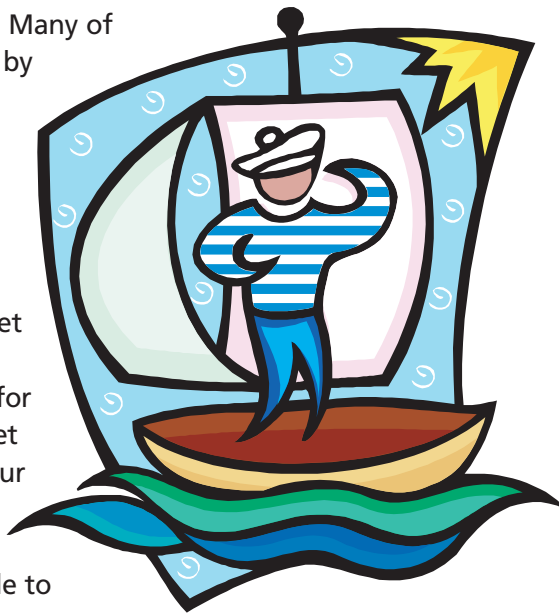

It is March already and we will be sailing next month. Seems like winter missed us this year. A few hardy sailors have sailed every month. Our lake is still about 3 feet low, so keep praying for rain.

The 2012 park stickers went on sale on January 1 and are on special until the end of March. The multi-vehicle discount is not being done this year. There is a senior discount for those 65 and over, but you have to ask.

The social functions committee chaired by Gwynne Bonifield and Tami Fonger has completed the 2012 social functions calendar that is included in this newsletter. Tami has done a great job getting volunteers and members have been stepping up. You can see from the calendar that we still need coordinators for the 75th anniversary party in June (more on that) and the soup/salad dinner in October. Please call Gwynne or Tami if you can help.

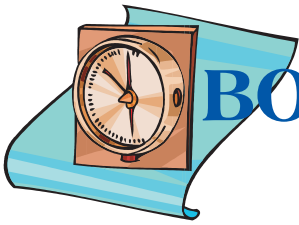

The racing calendar is also complete and the sailing activities calendar is nearing completion. The club held the annual race meeting last month and the racers are ready to get started. If you missed the meeting and want to race contact Gary Mackey, Steve Kubin or Randy Malcom.

Our first big weekend is April 21. Many of you will already be on the water by then. This will be an All-Club Work Day. We will have projects in the clubhouse, on the harbor, on the grounds and in the dry storage yard. All committees are planning their work needs and there will be plenty of work to get everything ship shape for the sailing season. Plan to come out for the whole day or just part and get started on those work credits. Your BOG will then cap things off with a BBQ of hamburgers, hot dogs and whatever else we decide to throw on the grills.

The BIG event for EVERYONE is the WVSC 75th Anniversary Party on June 16. We are planning a major event. We want to put all 75 sailboats on the

Long Range Planning Committee: Ernie Condon reports that the members of the Long Range Planning Committee are Ernie Condon-Chairman, Greg Rinker, David Reynolds, Rob Brown, and Bill Fonger. Commodore Bonifield requested that the Long Range Planning Committee review the long term financial situation of the club, especially focusing on long term maintenance expenses. At the next board meeting, Ernie will provide the names of the committee members that will serve 1, 2, and 3 year terms.

Membership Committee: A new member application was received from Art Gentry. Motion made to approve the new membership application, pending receipt of dues. Motion passed. The Walnut Valley Sailing Club welcomes Art Gentry.

Ed Webb reports that the Membership/Public Relation Committee met on January 26, 2012. The Committee set a goal of 10 new members. The Club will have a booth at the Kansas Sport Boat and Travel show February 16-19 at the Kansas Pavilions (next to the old Kansas Coliseum) to promote the Club.

Mark Janzen, Membership/Public Relations Committee Chairman, presented a web based club management and online directory program. The program is hosted by Hubris Communication. Mark demonstrated the program which is currently in use by another local group. Some features include the availability for members to update their own information, on-line event management capability, and automatic email reminders. An iPhone app (and possibly a Droid app) for the membership directory could also be available. The cost would be comparable with the Club's current Web host. Motion to pursue the web based club management and online directory program only after coordinating with Fred Harvey. Motion seconded. Motion passed.

Mark Janzen stated he is available to answer questions about the website.

Mark Janzen reports that the Membership Committee is also looking at a Come Sail With Us Day. The idea would be to invite the public to come to the lake for a sail. Gene Nold stated that it might be possible to obtain Park passes for visitors. The Committee has also contacted Guy Bower, a Club member, and host of the radio program The Good Life about the possibility of doing the show at the lake.

The Board discussed the fact that the Club does not have a membership application process. It was requested that the Membership Committee propose a membership application process and present it to the Board at the March BOG meeting.

ADA Compliance Committee (Ad-Hoc): The Commodore reviewed the Club's ADA compliance plan with the Board. The Commodore proposed some revisions to the STEP boat usage policy. The proposed revisions be reviewed by the Board and discussed at the March meeting.

lake that weekend!!! We need EVERYONE to come out and sail. Things are still taking shape, but it looks like we could have local radio and TV coverage, with possibly a radio show broadcast from the club and from a sailboat. What fun and what a great way to let the public know how much a part of the El Dorado Lake Community our club is. Social functions plan to do a catered BBQ that evening with some nostalgic music and presentations on the history of the club.

We are changing our WEB service provider to bring WVSailing.com into the 21st century. Fred Harvey will continue to serve as our club Web Master. We are trying to go live with the new web page by April, but we'll get the word out when it is ready. It will have the same web address, so if you log on and everything looks different, you'll know. The new site will have everything we have today and more and it will be very interactive. Eventually it will have iPad and iPhone applications – perhaps even a Facebook page. You will be able to correct your own directory information (no more excuses for errors), upload a photo into the directory, sign up for events, download calendar events and much more, all from your computer, iPad, iPhone,

or Droid. On your iPhone or Droid, the directory will work like a contact list to make phone calls.

WVSC had a booth at the Kansas Sport Boat & Travel Show in February. We had a lot of interested people stop by and will probably gain some new members. Interestingly enough, the biggest area of interest was the sailing training program. Thanks to Ed Webb, Ted Blankenship, Gary Pierce, and Dave Webb for planning this activity.

Commodore's lesson learned: When the club elects Ed Webb to the board and you make him BOG liaison for membership, public relations, WEB and newsletter committees, expect action.

Board of Governors Meeting, continued from Page 2

Harbor Committee: Doug Johnson reports that Earl McIntyre is the Harbor Committee Chairman. Gene Nold reported on the status of the dock maintenance bid from Gala Foam Inc. The Club will be receiving a bid for the material. We will need to find a contractor. Gene is working on obtaining a bid for the labor. There is an option to do some minor rework on the east slips rather than major rework. The ramp area repair could be done by purchasing the materials and using Club labor. The Dinghy Dock maintenance requires a contractor for some heavy lifting work. The Harbor Committee will work with Gene on this project.

Social Committee: The Commodore presented the proposed Social Calendar and it was approved by the Board. The Board of Governors will host the first social on April 21. The Club may hold a work day on April 21 and encourage everyone to stay for the social. As part of the Club's 75th anniversary celebration, the Commodore proposed a picture presentation of the Club's history.

Sailing Activities Committee: No report.

STEP Committee: Gary Pierce provided the annual STEP Report to the Board. The STEP program will have the class schedules available next month.

Activity Center Committee: The Committee is currently planning the work on the Activity Center for the ADA issues.

The Board concurs.
