## From the Binnacle

Now that spring has arrived and the lake is full of water, our sailing season has already begun. For those members whose boats are not yet in the water, we will have an unofficial launch day on April 12th; however, if that day is rained out then we will postpone the launch day until April 19th. Our first club regatta is scheduled for Sunday, April 20th.

The Membership Committee has been busy preparing the new Membership Handbook, which was reviewed in March by the Board. After a few revisions were made, the final version was approved. This new edition will be distributed at the Steak Fry on Saturday, May 17th. We hope all of you make it out for this first of several great parties.

The Activities Center Committee and the Board have considered several improvement projects for this spring and summer. Clark Chambers, chairman of this committee, will be requesting volunteers to assist in completing these projects. Also, there will be an Activities Center clean-up work party in April to prepare for all the events scheduled for this spring. These will be excellent opportunities to earn work credits.

The Sailing Program Committee gave an enthusiastic report at the March Board meeting describing all the special (non-racing) events planned for this year. Believe you me, there are activities designed for all our members both young and older, especially for those of us who are not into competitive sailing. These fun-packed events and their scheduled dates are listed elsewhere in this edition. The theme for this year is "A Year of Participation". The Board members have made individual commitments to participate in at least 50% of all events sponsored by the Sailing Program Committee.

Recently Jerry Brady, chairman of the Harbor Committee, and I surveyed our on-the-water facilities to determine what items need to be replaced or repaired. Jerry is planning for an upcoming work party in April to address these items. This would be an excellent opportunity to earn work credits.

Now for some really exciting news – when you see big smiles on the faces of the Commodore and his lovely wife Tess, it is because on March 14th their granddaughter was born at Wesley Birth Care Center. Her name is Izabella Grace Cunningham. All of our family members are very thankful for a healthy grandchild.

This time of the year vividly reminds me of when I was a boy growing up in the seaport town of Galveston, Texas. My father and I would frequently go to the docks and see all types of vessels – shrimp boats, tug boats and barges, ocean going freighters and tankers, U.S. Navy destroyers and Coast Guard patrol craft, pilot boats and many types of yachts. One summer a 100-foot wooden schooner came into port for several weeks. From that time forward I often dreamed of owning a sailboat.

And remember, any day spent at El Dorado Lake is better than a day in town.

# RACING (and other) NEWS

April 2008

---

- The Classroom Training session at Andover Pizza Hut on March 30 is history. I wasn't able to attend but hope everything went well & everybody learned a lot.
- Launch Day and "On The Water" training is scheduled for Saturday April 12. The 'Blow out' day is the following Saturday. Hope to see a big turnout.
- The first race series of the season is on Sunday, April 20th. Lets hope we get a better start on our racing season this year over last year.
- A Snipe Class Regatta has been scheduled for July 19, 20. A Catalina Class regatta is tentatively set for Aug 16. We may also have a Laser regatta.
- A bulletin board specifically for racing will be in the clubhouse. It will have race finishes for all contestants for all races to date, and competitor standings posted on a timely basis. In addition will be the volunteer sign up sheet, so we know who to blame, and also the 2008 version of the Sailing Instructions.
- Catalina 14.2 racing will start Wednesday, June 18 as soon after 6:00 P.M. as practical. These sessions will be helpful for both skippers & crews, be very informal & hopefully fun.
- Major CSSA Regattas per the CSSA Circuit:

# The Iron Lady – Tall Ship ELISSA

Visitors going to Galveston, Texas have a pleasant surprise in store when they go to Pier 22 – this is where the tall sailing ship Elissa is docked. She was originally launched on October 27, 1877 at Aberdeen, Scotland. This iron-hulled, three-masted barque, was designed as a merchant ship that has survived numerous ownership changes, renamings and modifications, including the installation of a diesel engine. According to the descendants of Henry Fowler Watt, the Elissa's builder, she was named for Aeneas' tragic lover the Queen of Carthage, in the epic poem The Aeneid.

Elissa has sailed under the flags of the United Kingdom, Norway, Sweden and now the United States. In 1975 the Elissa was located in a salvage yard in Piraeus, Greece where she was scheduled for recycling. The Galveston Historical Foundation purchased the Elissa for \$40,000 and began the process of restoration and repair. In 1979, the Elissa was towed to Galveston where the restoration project was completed at a cost of several million dollars.

Her first voyage after restoration occurred in 1985, when she voyaged to Corpus Christi, Texas. A year later she sailed to New York City to take part in the Statue of Liberty's centennial celebration.

The Elissa measures 205 feet from her stern to the tip of her jib boom. Her height is 99 feet and 9 inches to the top of the mainmast. She has a beam of 28 feet and a draft of 10 feet 6 inches. She displaces 620 tons and has a carrying capacity of 430 tons. On December 14, 1990 the Elissa was designated a U.S. National Historic Landmark. When in port, public tours are available year-round. The Elissa is sailed and maintained by qualified volunteers.

# Board Meeting Minutes

WALNUT VALLEY SAILING CLUB BOARD OF GOVERNORS MEETING

*Minutes Subject to Correction*

THURSDAY, MARCH 13, 2008

**March Meeting Minutes:** The meeting was called to order at 7:06 pm. The following Board members attended: John Carter, Ken Rix, Steve Mardis, Ernie Condon, Debbie Chambers, John Ellison, David Reynolds and Jerry Brady. The minutes of the February meeting were amended to reflect the correct date of the March Board meeting. A motion to approve was made and the minutes were approved.

**Treasurer's Report:** Ernie Condon presented the Treasurer's Report and also reported that two members have not paid their annual dues. It was moved and approved that each of these members be contacted by mail advising that their membership is forfeited and requesting that any of their property or items still at the club be removed.

## COMMITTEE REPORTS:

**Sailing Program-Ernie Condon:** Ernie provided a list of all of the Sailing Program events for the 2008 sailing season. These events will be displayed on a master calendar that will be posted in the Activities Center. Also, the Calling Committee will advise the membership prior to an event. The list of events will be in the Membership Handbooks and fliers will be placed in the bathrooms reminding members of the upcoming event. The Sailing Program Committee is hoping that by providing multiple reminders of these activities there will be better attendance than last year.

**Finance-Ernie Condon:** Ernie reported that he is reviewing last year's expenditures to see if any committee had funds remaining in their budget at the end 2007. He will advise the Board at the April meeting of his findings. If excess funds are found, the Board will then explore what is to be done with the excess.

## OLD BUSINESS:

**Activities Center improvements:** Commodore Carter, at the February Board meeting, requested each Board member provide to him a list prioritizing improvements to be made to the Activities Center, given a limited budget. The results of this survey were presented for the Board to review and will be discussed further at the April Board meeting. If excess funds from the 2007 budget exist, the Board will explore ways this money could be used to expand the number of improvements made to the Activities Center in 2008.

## Long Range Planning Committee:

Commodore Carter reported that he had made initial inquiries into purchasing a defibrillator for the club and will present his findings at the April meeting.

## Abandoned Boats:

David Reynolds reported that the Sedgwick County Small Claims Court has not been able to reach one of the owners of the boats that have been abandoned in the boat yard.

Therefore a process server has been enlisted, at a cost of \$65. The server guarantees results.

David will report on the outcome at the April meeting. The remaining two boat owners have contacted David and have removed their property from dry storage.

## NEW BUSINESS:

Commodore Carter reported the Public Relations Chairperson, Bruce Ward, is stepping down and a new committee chair is needed. A request for a volunteer will be put in the April Windword. However, until a new chairperson is found, David Reynolds will be responsible for E-mailing the general membership regarding any club business.

Ken Rix requested Board permission for WVSC to sponsor a Snipe regional regatta later in the summer. This regatta will include boats from several states. A motion to approve the request was made and approved unanimously.

**Member Concerns:** Ernie Condon reported the line on the mast hoist is frayed and needs to be replaced. Discussion followed regarding the best way to do the repair. The chairman of dry storage will be contacted and a request made to secure the needed repairs.

**Closing Remarks:** Commodore Carter reported the April Board meeting will be April 10th at 7:00 PM at the office of Steve Mardis.

**Adjournment:** A motion to adjourn was made and approved. The meeting adjourned at 8:31 pm.

Motion approved by E-Mail

Board members approved a \$100 work credit for Andy Rizza for fertilizing WVSC trees.

*Respectfully Submitted,*  
**Deborah Chambers** – Secretary
