

THE WINDWORD

The Newsletter of the Walnut Valley Sailing Club

January 2025

Word From the Commodore:

Greetings WVSC Sailors,
This season is all about love, sharing, and
togetherness. It's a time to create memories,
appreciate the blessings in our lives, and spread
kindness to those around us. I sincerely
appreciate all the support and encouragement
that I have received this year as your
Commodore. I truly find myself in complete
admiration for everyone's dedication to our sailing club.

I look forward to creating new memories and friendships with all of our
club members in 2025. Thank you again and I wish everyone a happy
new year.

It's always interesting to learn more about WVSC sailors. You're invited to share a brief
story about how you got started sailing etc., along with a photo or two. Thanks to all that
have participated so far...next month it could be you.

Socials and Sailing Activities:

El Dorado State Park First Day Hike

Date: **TODAY!** January 1st - 2025

Time: 9:00 A.M.

Where: Meet just below the dam, west of the spillway in the camping area.

Come join us on day one for the first official outing of the 2025 season. We've had a good turnout from WVSC the past several years and we always have fun.

Note: unless it's a total whiteout blizzard - we'll hike. We've hiked when it was 15 degrees out and blowing 30 miles an hour. It's all good, and dog friendly.

The park provides snack foods, coffee, and cider for hikers. In the past KDWP's has handed out free T-shirts. No mention of T-shirts this year. We'll see!

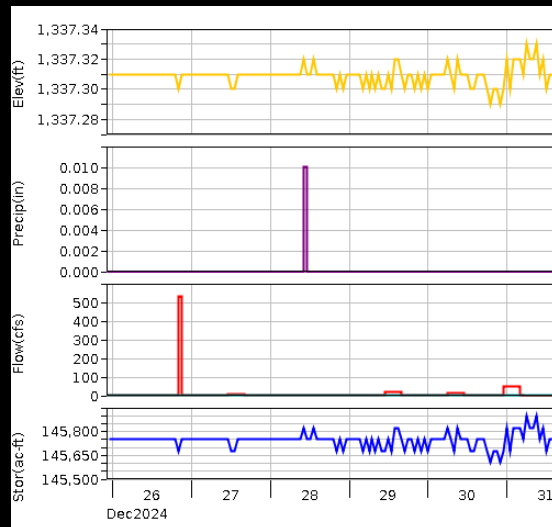

Triple Dog Dare You

Don't mean to single anyone out,
this is an open invitation after all.
But hey, **Ernie, Hector, Preston...** the first sailor to
figure this out reaps the rewards, and there are many.
Too many in fact to list here!
See the "Want Ads" for details.

In the event of an emergency this is the address to provide EMS, First Responders:

Tech Tip of the Month...

**Make a single cup of coffee
on your boat in two minutes, including clean up.
Here's why Aeropress gets the coveted Gold Star:**

- efficient – only boil the water you need.
- good coffee – with the right beans and grind you can make some really good coffee, even the experts agree. You can also make something close to an espresso.
- simple clean up – after pressing your coffee you eject the used beans as a compressed puck. Give the Aeropress a quick rinse and your cleanup is done.
- enjoyable process – the feeling of the smooth press of coffee and the satisfactory pop of the used coffee grinds makes it an enjoyable part of the morning routine.
- small paper filters – they are little circular pieces of paper that fit perfectly into the end of the Aeropress. Makes very little waste. And you can easily store 100s on board.
- transformer like – there's several methods of brewing coffee depending on what you like. Regular and inverted method, giving you some fun ways to experiment with different types of coffee. There are different attachments you can buy as well. I've tried the metal reusable filter and an espresso shot attachment.
- long rust free life – I've had mine for about ten years and it's still going strong.
- great customer service!

TAKE A CLOSER LOOK

Pay attention racers and... no excuse
for being late to dinner now cabin cruisers.

Out on the Race Course

Questions about racing or curious to know what
port tacking the entire fleet looks like?

It's all in good fun. Come out Wednesday nights and we'll be sure
to get you around the marks in flying colors. We love to see new
racers, novice or "pros" join the fleet! You can do it Skipper!

Look again sailor, there are six boats in this breathtaking photo.

Don't Be Shy

We would be delighted to hear about your wild night out on A docks sailor. Actually we're delighted to hear about anything WVSC Sailors have been up to lately: singing, dancing or swinging on the halyards into the wee hours of the night. You name it.

You go girl... you too Skipper. Happy New Year!

We reserve the right to edit for length and/or relevance. We may hold your submission for future publications or not use it at all. Send information to: teddblankenship59@gmail.com **Photos & short stories are always welcome.**

Earning work credits at WVSC

is easier than getting back into your old Speedo.

Just ask... well no, maybe don't ask.

\$10 per hour up to 10 hours. We need you!

Work Credit hours directly reduce your annual fees by as much as \$100. Not only that, you'll go home feeling great about pitching in and helping out.

If you can only help out an hour or two here and there, no worries. That's fine.

Hours are flexible, and the dress code is always bow tie and blue blazer casual.

Speedo's... hmmm. Your call.

To all of our Fine WVSC Friends, Board Members, Committee Chairs and Liaisons working to keep the lights on... Thanks. We appreciate your time and effort. Cheers!

Your Couch

Take a Hike Sailor!

We'll see you just below the dam.

9:00 AM this morning. Happy Hiking -
Happy New Year!

JOKE OF THE MONTH

Our Commodore just never stops. Here he is out diligently picking up empty beer cans on a Tuesday morning, again. Thanks for all you do Commodore Troy.
